

MORE REASONS TO TRY

Nufree® 4 men only

- It's safe, fast, and easy.
- It's much more effective than waxes or other methods because it removes the hair shaft, bulb, and a portion of the papilla.
- That means you can go longer between hair removal treatments.
- Nufree® 4 men only is formulated with extra essential oils for a man's body.
- You can immediately tan and swim once finipil® has been applied after your treatment.
- You'll leave feeling sexy, fresh, and revitalized.

We're excited that Nufree®, the most effective hair removal treatment in the world, is now formulated specifically for men. Made in the USA for over 35 years, Nufree® is a tried and proven formula and carried by thousands of salons and spas all over the world. Get rid of that unwanted hair today with Nufree® 4 men only.

PROFESSIONAL HAIR REMOVAL DESIGNED FOR A MAN

Men want sexy, smooth skin but don't want to deal with the pain associated with body hair removal. Nufree® 4 men only is a non-wax hair removal process that removes hair from almost any part of the body. Nufree® 4 men only has been formulated with extra essential oils for a man's body. Scientifically tested, Nufree® 4 men only is antibacterial and antimicrobial, ensuring that it's both safe and effective.

WHAT IS UNIQUE ABOUT *Nufree® 4 men only?*

- It is not a wax and never sticks to the skin, so you won't experience the pain and discomfort of wax-based processes.
- You won't experience redness or swelling after treatment.
- You can remove hair from the back, arms, chest, legs, nape of neck, face, and unibrow.
- It's gentle enough for even the most sensitive skin types.
- finipil® can be applied afterwards to soothe, protect, and cool the skin.

COOLING & SOOTHING ANTISEPTIC LOTION!

finipil® 4 men only is for application immediately after hair removal treatment and continued use at home. Patented finipil® is an FDA registered, incredible all-over body lotion with endless uses. It is carried worldwide by salons that offer Nufree® hair removal treatments. It treats blemishes and soothes and cools skin irritations, rashes, and itches. Made with an aroma specifically formulated for a man, customers call it a "must have" lotion.

- finipil® destroys 99.999% of bacteria while keeping empty hair follicles clean, protected, and moisturized.
- finipil® cools the temperature of empty hair follicles and reduces swelling due to hot showers or aerobic workouts.
- finipil® should be used daily on damp skin. This keeps the skin sanitary and the follicles clean and free of foreign matter.
- finipil® protects against new ingrown hairs and helps rid the area of existing ingrowns caused by waxing and shaving at home or hard water.
- finipil® is clinically tested and dermatologist certified.
